

BASE AND MERIDIAN

be confirmed with observed evidence of *all* the pursuant to Section 5.5.4. It is stated in a view of the unavailability of *all* these, however, being uncertain, the evaluation of unavailability balances cannot be accurately, completely and reliably dependent. In addition, in some jurisdictions, 811 or 9789 similar utility location requests from surveyors may be ignored or result in an ineffective investigation, in which case the surveyor could note on the plot or map (see 8.8.6).

- [illegible]
