Greetings,

Furniture Row has purchased property in the Copper Rim Development and is currently constructing a new Center. Furniture Row is a Major Anchor in this development and has a corner location which is a prime location for a Multi-Tenant Pylon Sign with Reader Boards. This sign will advertise for Furniture Row, Denver Mattress and Six additional businesses in this development.

This design was presented to the Community Development Department, and their input was helpful in fine-tuning the design to reach the approval requirements for this area.

Furniture Row has an existing location in Draper, UT. and is excited to expand into West Jordan.

We appreciate your consideration and are asking for your approval for this sign.

Sincerely,

Anthony S. Ahmed
