## 1. AGENDA SUBJECT

Potential amendments to West Jordan City Code Section 14-5-5 connecting stub streets to adjacent subdivision

## 2. EXECUTIVE SUMMARY

The recent discussions about GEM apartments and the Echo ridge neighborhood brought to the surface potential conflicts in City Code between older subdivisions with stub streets and new "subdivisions" that may have a higher or more intense use. The last time this ordinance was updated was 2001 (Code numbering changed in 2009 but it is unclear if it was updated) The 2020 changes were related to the form of government.

Land uses have changed over the past 20 years. It seems the intent of this ordinance was to connect similar developments with similar intensity. Given changes in land use, it seems appropriate to review this given that intensities may vary and there are concerns for traffic safety.
